REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The feature of the plurality of embosses arranged along the length of the package comprising a walled receptacle with a top opening for closure by a film-like cover and internal dimensions for holding the brushless motors therein and the brushless motors having terminals located on the bottom surface thereof, wherein the terminals having an opposed surface oriented parallel to and beneath the bottom surface the brushless motor being located in each of the embosses so that the outer peripheral sides of the motor contacts the inner wall surfaces of the emboss in four directions, the bottom surfaces of the terminals contact the bottom surfaces of the embosses and the top surface of the motor is located for contacting the film covering the top opening of the emboss, thereby retaining the motor in the emboss in a predetermined orientation, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
